

Samj.ai + Sumj.ai

Understanding Reimagined — premium 4-letter .ai domains with a complete, bilingual brand system built around समझ (samajh), meaning “understanding”.

Make AI feel like understanding

A culturally resonant brand for India’s multilingual market — simple, memorable, and grounded in the idea of genuine understanding.

4-Letter

.ai premium category

AI brands lack cultural resonance in India

Generic, English-centric names limit trust and recall.
Multilingual UX needs a brand that “translates”.
Competition for short .ai names is intense and costly.

Fragmented naming (Latin/Devanagari) creates inconsistency.
Launching a full brand from scratch takes months.
Acquisition risk without strong brand protectors.
